

NOVA SCOTIA SCHOOL BOARD COUNCIL OF UNIONS

YOUR VOICE. YOUR CONTRACT. YOUR FUTURE. BARGAINING UPDATE - 14 September, 2026

Dear members,

Years ago, you and your colleagues fought for employers to pay a portion of your extended health and dental insurance premiums as part of your compensation. In this round, your bargaining committees provincewide have asked employers to take on a greater share of that cost. The proposal to increase the employer's share of the premium would put hundreds of dollars back in your pockets every year, without jeopardizing access to the critical supports your extended benefits provide.

No member should feel sick over the cost of health and dental care.

Email your local president to tell them you'll help info-picket in your community throughout September! Or, if you want to get involved to win a good contract, join our political action check-ins Wednesday evenings from 6pm-7pm. We meet on Zoom with this link: <https://bit.ly/46uPI2v>.

When we stand together, we win together!

In solidarity,
